

STEP-BY-STEP GUIDE TO CREATING

ACTIVITIES WITH AI

STEP 1: DEFINE YOUR OBJECTIVE

Define the activity's goal, such as reinforcing a concept, introducing a new topic, or developing a skill.

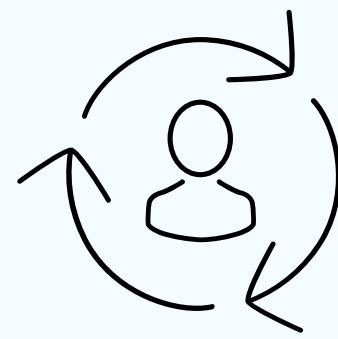

STEP 2: CHOOSE THE TYPE OF ACTIVITY

Choose the activity format, such as quizzes, role-playing, story writing, or problem-solving tasks.

STEP 3: GENERATE IDEAS WITH PROMPTS

Leverage prompts to inspire a wide range of activity possibilities.

STEP 4: CUSTOMIZE AND ADAPT

Adapt the generated content to suit your students' abilities, curriculum, and engagement preferences.

STEP 5: IMPLEMENT AND ASSESS

Execute the activity, gather feedback, and assess its effectiveness in meeting educational goals.

TIPS FOR SUCCESS

Experiment with activities, collaborate with colleagues, iterate based on feedback, and support students during interactive tasks.
